June 2018

Dear Community Member:

The Coral Springs Museum of Art presents its annual fundraising Masterpiece Event on Saturday, October 27th, 2018 and it's a marvelous night for a 'Moondance'. This year's event promises to be a fantabulous, mystical and magical event set against the backdrop of captivating works of art.

Guests will sip spellbinding cocktails, sample enchanted bites and continue the celebration late into the night with music and dancing under the soft light of the moon.

As a 'Moondance' sponsor, you will directly support the exceptional programming of the Coral Springs Museum of Art. With over 18 extraordinary fine art exhibitions presented annually, the Museum is equally proud of its programming that is "off the walls". Art for Warriors program is a unique and profound art therapy program designed to help our veteran's deal with postwar challenges and reintegration into civilian life. Kaleidoscope encourages children with autism to explore various art mediums and express themselves in a creative setting. Creative Coding gives children who are less fortunate an opportunity to use technology as a tool to create and uncover a path to future employment. Teachers, administrators, students and families come together to breathe – and create – in the serene setting of the museum with art therapists in Healing through Art supporting the Marjory Stoneman Douglas tragedy.

We invite you to join us. Please consider becoming a sponsor of this year's event. It's through the generosity of individuals like you that allow us to continue the work we do.

Thank you for your sponsorship. We look forward to seeing you on this magical night.

Sincerely,
'Moondance' Committee Members

Carrie Berman
