GUILD IMAGE SUBMISSIONS

Artwork images submitted will be reviewed to be considered for use on the Coral Springs Museum of Art/Coral Springs Artist Guild Website page and for promotion.

EXHIBITIONS ON VIEW

Exhibitions are refreshed approximately every ten to twelve weeks, ensuring a dynamic experience for visitors of all ages, without any admission fees.

MEMBERSHIP

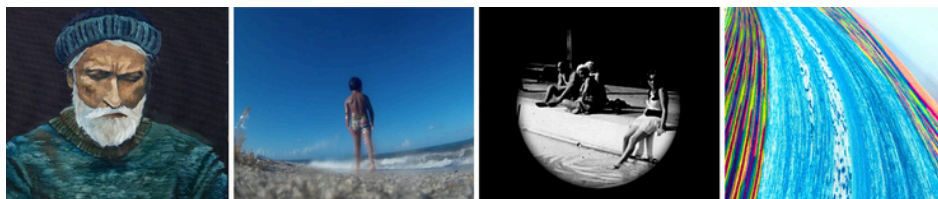

Membership provides critical support to sustain the Museum's mission to engage and connect our diverse communities through exhibits, arts and education.

THE RESULTS ARE IN...

Thank you to everyone who has filled out the Guild Questionnaire so far! I've received some great feedback about this community and would still like to encourage **everyone** to complete this brief survey if you have not already! See some of your answers and feedback below.

What makes you continue being a part of the CSAG?

7 Responses

● All of the above! ● I like talking and learning about art ● I like getting to know other artists ● I want opportunities to exhibit my art

Tell Us More!

Please fill out this brief questionnaire at your earliest convenience. It should take no more than five minutes—unless you've got a lot to say!

[Click here to fill out the questionnaire.](#)

We asked and you answered: "What is your favorite thing about being part of the CSMoA?"

Talking about art with other artists and learning new things!

The opportunity to show your art with various places to exhibit.

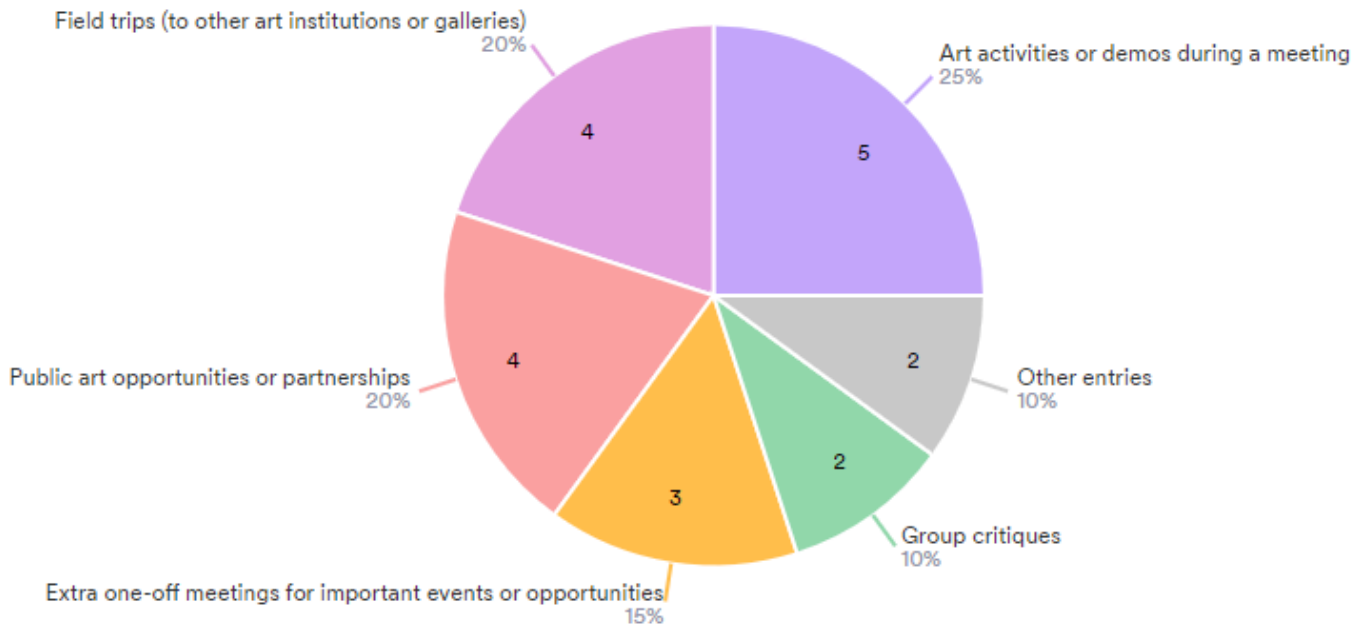

I have a community of peers.

WHAT DO WE WANT?

Feedback is one of the most important parts of how we can improve a community like the CSAG. See below what some feedback was and what we can discuss in our next meeting:

What kind of opportunities would you like to see in the CSAG?

Your Feedback

Really would like to see more demos.

Communication within the Guild is hard.

Let's try to help our community's art education somehow.

Exhibition opportunities and community partnerships have changed.

Potential Solution

Open the floor for any Guild artists who'd like to lead a demo. Maybe 4 one-hour demos a year?

Create a private Facebook group for the Guild to communicate. Take notes during meetings and email each month.

Let's discuss events the Guild can host or participate in, in our community, like in art fairs.

Let's talk about it! We are working on exhibiting opportunities within the Museum, but can look beyond.

OCTOBER GATHERING

Agenda

This gathering, we'll be reviewing some of the feedback from the Guild survey and planning out the next few months of Guild meetings and events.

This is the best time to come and share your thoughts, and contribute to making the Guild a top-notch community group that attracts dedicated artists from all over the city and beyond.

You'll also learn a bit about our upcoming exhibition *Tides and Currents*!

GUILD GATHERINGS

The Guild meets the second Thursday of the month from 6:30 - 8:30 pm. Check in at the front desk to find your meeting location for the evening; don't forget to sign in and bring your Membership Card.

Remember Guild Members and eligible for Museum Membership benefits so don't delay, take part today!

PULSE 2024

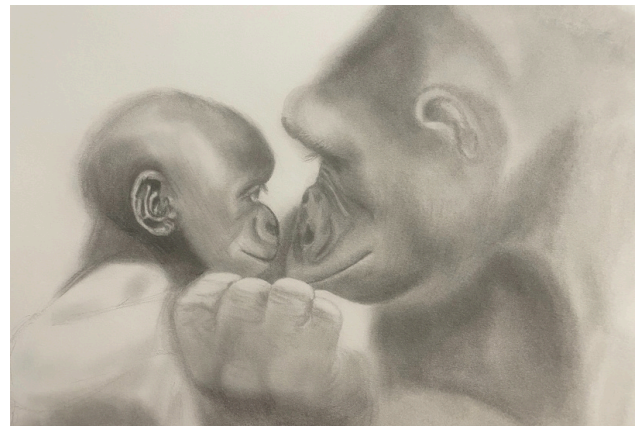

The Guild's exhibition opening was a wonderful opportunity to see so many talented artists congregating to support one another's creative careers. Your participation in Kristen Beck's **Art and the Brain** talk was also fantastic--thank you to those who helped us through some wonky furniture and technical difficulties!

Congratulations to **Gillian Muir**, **Dawn Goldstein**, and **Emily Emond** for their stunning works winning first, second, and third place, respectively!

If you have not picked up your artwork yet, **please do so ASAP and email me to coordinate a pickup time!**

This event is our way of saying thank you for your continued support and is the perfect chance to connect with other members.

About Tides and Currents:

Water is both a source of life and a force that shapes the fate of entire communities. Tides and Currents explores humanity's complex and evolving relationship with water, as it serves as a vital resource, a pathway for migration, and a force of nature that demands both respect and adaptation.
